

School of Advanced Leadership Training Hope International University

SALT Verbal Announcement (Sample)

The world pictures leadership as rising to the top of your game by increasing power, authority, and income. But in Christ, leaders stoop to serve; and the greatest leaders are those who best serve others. We're committed to developing servant leaders, and to that end we've entered into partnership with Hope International University to provide courses designed to shape servant leaders through their School of Advanced Leadership Training. SALT offers practical, high-quality, university-level courses in five-week Sessions. The aim is to move students beyond "head knowledge" to active service and character formation. You learn online from university professors and meet weekly as a group with a mentor from our staff, who helps apply what we learn to our ministries here. Our upcoming session, *<course>*, begins in *<#>* weeks.

[Registration forms are available *<where or from whom?>* . Don't miss this opportunity to grow in service – sign up today.] **OR** [Representatives from *Hope* are here today to answer your questions and provide registration materials. Meet them *<where?>* after the service. Sign up today.]
