Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

Please provide the number of teachers prepared by academic major for academic year 2022-23. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

8. Describe your institution's most successful strategies in meeting the assurances listed above:

To ensure that the HIU Teacher Preparation Program responds to the identified needs of the local educational agencies where the HIU program completers are likely to teach, the HIU educational team continually evaluates content as it relates to the Teacher Performance Expectations provided by the State of California. Appropriate modifications are made to the curriculum, in order to make certain all instructional materials is current and meets the needs of our local districts. In addition, the Dean of the College of Education frequently meets with educational leaders throughout the Southern California area. He also attends both local and state superintendent meetings in order to stay current on the demands of the teaching profession. This year, the College of Education met with a College of Education Advisory Committee with the goal of soliciting input from local school leaders including teachers, principals, and district personnel. Training to address instruction of our diverse P-12 student population is embedded in each credential

program. All California Standards for the Teaching Profession (as approved by the California Commission on Teacher Credentials) are addressed throughout the program in specific sources or embedded in methods courses. Candidates have an opportunity to "master" instructing diverse students during 16 weeks of student teaching. Most courses require observation hours in local schools to introduce students to our county's diverse student population.
